Long X Bridge south of Watford City temporarily reduced to one lane beginning November 13

The Long X Bridge, located on US Highway 85, approximately 14 miles south of Watford City, will be temporarily reduced to one lane of traffic beginning Wednesday, November 13, for a routine bridge inspection. The inspection will only be conducted during daylight hours.

During the inspection

- Flaggers and a pilot car will be in place to direct traffic
- A 12 ft. width restriction will be in place
- Motorists should expect delays during daylight hours

The inspection is expected to take about one week. For updated information on load restrictions and road closures please go to www.dot.nd.gov or call 511.
